

# Follow up No.1 – Additional Resources (KS2 Module 1- Grammar)

## The Four Friends – additional resources

There is a wealth of materials available for KS2 languages on the internet upon which you can draw. In particular TES Connect and YouTube. To access TES Connect, you will need to sign up for membership. However, this is quick and easy to do.

You can download images of the four animals to use as flashcards to print off or to use with an interactive whiteboard from TES Connect:

<http://www.tes.co.uk/teaching-resource/Les-Quatre-Amis-Flashcards-and-Matching-Exercise-6086326/>

Also available on TES Connect:

1. An alternative PowerPoint presentation of The Four Friends  
<http://www.tes.co.uk/teaching-resource/Les-quatres-amis-6434366/>
2. Making and Marking Progress pack which includes lots of ideas on how to use the story of The Four Friends. Additionally you can find out about an ‘assessment for learning’ approach to assessment using this story. Although it is linked to the Languages Ladder, no longer available, and the KS2 Framework for Languages, which has been replaced by the new National Curriculum Programme of study, there is much that is still useful here.  
<http://www.tes.co.uk/ResourceDetail.aspx?storyCode=6013886&>

Have a look at the following link which focuses on ‘creative assessment at Year 5 and 6 levels, using in particular storytelling for Assessment for Learning and term-long themed projects.’ <http://www.linksintolanguages.ac.uk/resources/2557>

There are many excellent video clips on YouTube. Have a look at the video clip of The Four Friends at: <https://www.youtube.com/watch?v=DflfjcD9PO8>

Mama Lisa’s World has an excellent range of children’s songs and nursery rhymes.  
<http://www.mamalisa.com/?t=eh>

There is an entertaining video of animal sounds in a variety of languages, including English, French and Spanish.
